

***F.C.R.S.A. National Speciality May – June 2009***  
***Sweepstakes Report by Sarah Whittaker***

What a great honour to be invited to judge this prestigious event, I can not thank the F.C.R.S.A. enough for a super week at an outstanding venue. I had been a “ringside judge” for a few days of the Speciality in 2000 in Kentucky and was pleasantly surprised at the overall improvement of the quality of the dogs. As with any breeding programme to improve blood stock, it is an ongoing project. But I felt there was a good nucleus of quality dogs to be used in future breeding. Particular care has to be taken with the heads and the eye colour. I do appreciate seeing a nicely moulded head, with no abrupt stops.

As I mentioned at the Awards Banquet I expect to see a flatcoat happy and bright in the ring, even in your standard the flatcoat is described as “...cheerful...”, “... happy and outgoing attitude characterized by a wagging tail...” unfortunately this was not what I always saw when dogs on a hot day were being “stacked”, some then resembling rocking horses, but then to have the tail down between their legs is a very sad sight, which was in some cases quickly turned around with the use of a loose lead and letting the dog go into it’s own stand. Remember, the standard does say “... standing naturally is more important than judging him posed...” and this is what I tried to do, even if it did infuriate some exhibitors!

This dog was beautifully handled and presented. He is a very stylish boy, with a nicely moulded head. He is well angulated in the front with a good depth of chest and has a strong rear, with a pleasing turn of stifle. Shows great promise for the future.

4<sup>th</sup> Jennifer Andrews' **Huntlane Joyful and Triumphant** (Ch Flat Castle's Olympic Torch x Ch Cloud Dancer's Keep on the Faith)

This bitch has a glorious head of correct type with kind eye expression and a good reach of neck. Correct angulation front and rear, with an excellent top line and tail set. Unfortunately her movement let her down on the day, which was a great shame.

It has been an interesting exercise typing up my scribbled notes from the two days of judging. I entered the parents of each of the exhibits as I thought this would be of interest to those not attending the show. I can see that some of my judging was quite "boring" in that I have in several cases placed litter mates, from the point of view of a judge then, at least, I have kept to some sort of type!

It has been interesting to note that there are in my opinion some quite dominant sires within the American breeding stock, producing some high quality off spring. I just hope that these are all healthy as well, then the future of the breed in America can be viewed with cautious optimism.

Thank you for the wonderful entry and the kind hospitality, warmth and generosity bestowed upon my family and I. It was fantastic to come home with so many wonderful memories, having met new and old friends. Good luck and enjoy your time with your dogs.
